Notes for GGS
Landowner Com...

Landowner Committee:

Please find attached the draft minutes of the March 17, 2011 Landowner Committee Meeting held at the North Platte NPPD office. Please advise me of any corrections, additions, deletions, etc.

Because of the abundance of North Platte water this year, there has been no need to use the GGS wells. As such, the GGS wells have only been run for testing purposes.

Please feel free to contact me anytime.
